SHAVINGS

from the Prez . . .

Is it Spring yet? All the rain and cooler than usual weather for March, which I noted in a recent news article in the *San Diego Union* that March was the coolest month in a very long time. Kinda has put a damper on woodturning at least in my own garage shop. But today the sun is out and warmer temperature, I think I'll get out in the Shop and do some turning. I hope you will as well.

A big **Thank You** to Carolyn and Nahshon for last month's demonstration on bowl turning by Carolyn and Nahshon on laser embellishment, showing us his laser tools. Also the shop made drying box that Carolyn presented. Pretty straight forward in constructing such a box and useful in taking green wood to dry. Nahshon provided a follow-up on the laser tools should you have an interest (see page 5). I must admit, I became interested in this embellishment tool/technique for my turnings and went out and purchased the LaserPecker 1 device. Took about 10 days to arrive direct from LaserPecker and am finding it a fun and unique way to embellish my turnings or at least the bottom of bowls/boxes to start with.

Speaking of demonstrations, Mr Paul Russell from Utah is our featured demonstrator this month (**paid demo w/\$20 for ZOOM and \$25 for In-Person**) . **Go to our Members Only page of the SDWT website. At the top of the page you will find the ZOOM sign-up link.** I saw his recent on-line demonstration with the Woodturners Worldwide symposium event Great demonstration put on by Paul and a unique way to deal with bent and elbow shaped wood in mounting between centers and turning. Should be an interesting demo with SDWT. A one day class is to follow. Sally is soliciting interest for an additional class on Monday. If you have an interest please get a hold of her to sign-up. Class is \$125 and Paul is bringing burl wood for the class as part of the hands-on.

If you're an AAW member, you likely received an email "From the AAW Toolbox" highlighting the topic that Brian Saunders recently presented on *Proper Dust Safety*. The three articles in the email included: *Protecting your Lungs, Wood Dust and the Woodturner*, and what about dust created when Grinding; *Improving CBN Grinder Safety*. All three articles again serve as reminders. If you did not receive the email and not a member of AAW, do consider joining. Not only kept up to date on information going on the wood turning world but keeping its members updated, along with a great journal to share in our passion of woodturning both here and abroad with a membership that is worldwide. Go to woodturners.org and join today.

Instant Gallery (IG) is once again seeing some great turnings and members are taking up the IG challenge. This month's chess piece is focused on turning a **Bishop**. In addition, Trompo's are emerging as part of the challenge. So break out the spindle gouges and give these two projects a go and bring to the next instant gallery. Ernesto will be collecting each month in order to fill out the chess board and collection of trompo's. Be creative! Also don't forget your other IG turnings for the Instant Gallery display at our monthly meeting.

Keep the weed pots coming. All weed pots are donated to Lumbercycle and in-turn SDWT is supported with wood resources. One side note: Tom has asked that in your design of your weed pots when turning, if you could consider adding the ability to insert a candle holder (tea lights) in some. These are approx 1" or so in diameter and half inch in depth.

(Continued next page)

- San Diego Fine Woodworkers has posted on their website information regarding Design in Wood for 2023. Information regarding entry of pieces for the Design in Wood display at the Fair and key dates is on page 19 of this NL. Key date is **28 April** for submission of your entry which is done on-line. For the on-line entry form see SDFWA.COM (Design In Wood Tab) for your entry form. Again, submitted on-line followed by delivery of your item to Del Mar on May 23rd. Good Luck and I encourage all in SDWT to enter a piece. You are all doing some fine work given the items displayed at our Instant Gallery.
- Fair sign-ups are looking better, See Steve Frick's information on sign-ups on page 20.

Steve must submit our booth participant listing to San Diego Fine Woodworkers (host at Design in Wood) and Fair officials around 12 May. This administrative item is important in order for Fair administrators to get mailings out to all along with your two free Fair tickets and free parking pass prior to the Fair. Pls check your schedules and strongly consider signing up for a session. It's not only fun but more importantly it's a means at the Fair to share in our passion for wood turning with the public at this annual event. Turning tops and pens for a donation is secondary

A **Thank You** to Ken Haines at last month's "Drop-In" and giving of his time to show attendee's how to turn Eggs on a lathe. A beginning project that has its own process and technique that Ken shared. Drop-In is going well and will be held April 22nd 0830-1200 at Nottingham (see page 6).

Looking Ahead

Plenty of opportunities forthcoming for needed turned items. Our Torrey Pine Reserve Gift Shop via TAV continues to need Torrey Pine turned items, Small bowls and the like for festivals forthcoming, Weed Pots for Lumbercycle.

Empty Bowls (May 2023) is on the horizon. Hopefully you have had an opportunity to turn a bowl or two. Sally will be collecting at this months meeting. Bowls of any size is desired. The most SDWT has contributed is 25 for this event. Hoping we can exceed that this year with 25 + 1 bowls. So turn a quick bowl as learned in last months demo and bring to the April meeting in support of this worthy event.

Membership: If you haven't yet renewed your membership, please do so for 2023. See the Membership info on page 9. You can also renew on line. Password to the members only Tab of our Web site has been sent out. **So don't delay, catch-up and renew today.**

Lastly:

Volunteers: To all our Volunteers **Thank You!** Couple of positions needing a volunteer. Steve Frick with refreshments is in need of some help. See Steve at our next meeting in April if you have an interest to help out at our monthly meetings.

Also: a key position in need of a volunteer to step forward is our Club Treasurer position. Geri is stepping down come June; to pursue other interests. She has served over 6 years in the position. Now the club is in need of someone to manage our finances. If you have some background in finances/tracking etc., pls give consideration in helping the club out. If this peeks your interest, talk with Geri at our next meeting or any of the Board members.,

Stay safe and have fun. It's going to be a great year with SDWT

SDWT Demonstration/Event Schedule for 2022

I hope you are all staying well. We are blessed to have such a wonderful pastime to keep us busy.

Our program schedule will continue to provide a variety of demonstrations to enhance your skills and maybe offer something you haven't tried before..

Sally

P.S.: On the Horizon: **May: Tom Edwards, June: Sally Ault**

Paul Russell (L) is a transplant from San Diego to Utah and a maker of 35 years with a passion for woodturning. His passion with wood started at a young age and is always inspired by life's simplicity, patterns, and textures. Still enjoying bowl turning, his most recent works focus on the line of the natural edge bowl, thin wavy platters, or extreme twig pots made from limb elbows and bends, or extreme natural trunk shapes which he refers

as his "Barely There Series."

His series reveals beauty in the otherwise ugly and unusable, exploiting ideas of negative space, while utilizing defects and imperfections to accentuate. Inside is outside. Paul will address these ideas and associated turning technique at this month's demonstration and maybe provide you with a design for a weed pot that you might not have considered in your turnings.

Paul was also a featured demonstrator at the recent Woodturners Worldwide on-line Symposium. He gave a great presentation.

Majority can be ordered via Amazon. If you have any further questions on the items, contact Nahshon.

Thanks Nahshon for the follow-up and sharing.

“April Drop-In Saturday”

The idea behind “Drop in Sessions” is to set up a shop environment of collaboration and a place to receive assistance in answering your turning questions or help with a technique.

Our days are typically on a select **Saturday of the Month**. **8:30 am to 12:00 pm**

San Marcos, Nottingham Arts Center.

(Drop-In April 22nd, 2023)

Participants must be members of San Diego Woodturners Club (SDWT) in good standing. Members under the age of 18 years may participate with parental permission and a parent or guardian must be present.

Participants are expected to help with set-up at the beginning of class and clean-up at the end of class.

Safety is ALWAYS a Priority!

- Please remember: Safety is Priority. Only SDWT members using machines
- **Bring your own tools, wood and eye protection!!!**. (There may be the odd piece of wood around if needed)

Turn Around for Veterans (TAV)

Turn Around for Vets (TAV) is a critical program of the San Diego Woodturners Club. All TAV activities are carried out by a dedicated, unpaid group of volunteers so that 100% of donated funds, designated for TAV, are used to purchase supplies and equipment and to support the program.

Paul Simpson

In Spite of the rain throughout March, TAV was open and busy at all three sites every day we were scheduled. Wednesday, the 29th we had five volunteers and a dozen participants at the Wounded Warrior Barracks but the patio is large enough and well sheltered from the rain. Aspire had six volunteers with seven lathes running full time on the second floor balcony which is also well protected. On Thursday the 30th we had four volunteers and several participants at NMC with some sun interspersed with heavy downpours. As a result, instruction was limited to four lathes inside building 33.

On Saturday, March 11th we were invited to set up the San Diego Woodturners booth at Rockler's store on Clairemont Boulevard. Rockler provided four Laguna Revo 1216 lathes for us to demonstrate more advanced woodturning projects. This was another light rain day so the flow of customers through Rockler was not as steady as had been expected. Those who did come through were very interested in learning more about our club and the TAV program; many requested SDWT flyers and club membership information. We also had a table with turned items that were available for donations that totaled nearly \$600. Our club "Rockler ambassador" Robert also works for KCAL television. He interviewed Dave John and Paul Simpson and we were part of the 5 o'clock local news on Sunday. More good exposure for our club and TAV.

SDWT demonstrators in our Booth: Jon Chernow, Chad LaVoi, Dave John, and Paul Simpson.

Turn Around for Veterans (TAV)

Our next major demonstration opportunity is at the Vista Strawberry Festival on Sunday May 28th. Last year we were located right at the finish line for the morning 5K and 10K run events. We raised \$1500 in donations last year. This is an all day event with very early morning booth

Vista Strawberry Festival Booth 2022

setup. Our booth will be open from approximately 9:30 am to 5 pm. We will have 2 pop-up canopies, three or four lathes in operation and two display tables with a major assortment of turned objects available for donations. My plan is to staff the booth in two shifts with five or six people per shift. We hope to exceed last year's donation total. I will have a signup sheet for volunteers at our April meeting. This is a good opportunity to meet people, have fun and refine your skills prior to the fair.

April 8th is the 100 year anniversary of the Torrey Pines State Preserve. The gift shop docents have requested all the Torrey Pine inventory I have and I will be delivering to them on April 5. Bottom line here is that I will need to rebuild the inventory so please keep the Torrey Pine items coming.

And last, but not least, TAV needs more volunteers. If you can help at one of our three sites on either Wednesdays (Wounded Warrior Battalion, Camp Pendleton, or Aspire Care Center) or at Naval Medical Center on Thursdays please contact me.

Thanks to all club members for your support of the TAV program. Paul

Mentoring Program

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning.

Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule.

A list of mentors and their specialties are listed within our Mentor Tab of our SDWT.org website (**go to About tab and pull down menu, go then to Mentors**). Phone numbers for the Mentor you have particular area of interest is listed in the (members only area of the web site).. Upon making contact, arrange a time and place. If you have any questions, email me at the below address..

Jeff Neff – Mentor Committee Chairman (MentorChairman@sdwt.org)

“Mentors do not give you a shortcut, but they streamline the process. They invariably had their own great mentors, giving them a richer and deeper knowledge of their field. Their ensuing years of experience taught them invaluable lessons and strategies for learning. Their knowledge and experience becomes yours; they can direct you from unnecessary side paths or errors. They observe you at work and provide real-time feedback, making your practice more time efficient. Their advice is tailored to your circumstances and your needs. Working closely with them, you absorb the essence of their creative spirit, which you can now adapt in your own way.” From the Book - ***Mastery*** by Robert Greene

Fair Sign-Up Information

San Diego County Fair

We are still looking for volunteers for the San Diego County Fair. Most importantly we are looking for people to work in the booth during the Fair.

With over 70 slots left to fill, we have plenty of days and times available. Volunteers will receive two tickets to the Fair and a parking ticket for every shift worked.

There are 3 ways to sign up for a shift at the Fair.

- you can sign up at the monthly meetings or Drop in Saturdays,

- you can go to the members only section of the club's webs site and sign up directly on the Fair Signup Schedule, I understand you will need to logon from a desk top computer to access the spreadsheet,

- or you can email me at TheFairBooth@sdwt.org with the dates and times you would like to volunteer.

In addition, we need help assembling tops and turning completed tops. We will be assembling tops at this Saturday's Drop in Saturday and I have top blanks available for anyone interested in turning some tops. This would also be a good opportunity to get some help learning how to turn a top.

Your help is appreciated,
Steve Frick - Fair Coordinator

Ernesto's - Instant Gallery Challenge

A turning challenge has been announced for over the next few months— **Turn a Chessman. The Board is beginning to be filled up.**

So break out the spindle gouges and give a try on turning a chess piece. Either a conventional design or something turned a little bit differently. Lots of inspiration via Pinterest search on the internet. Bring your piece's to the next meeting and fill out the chess board that will be on the Instant Gallery table.

Dimensions below are a general guide to follow if not suggested a turned piece slightly less in size.

This month's focus is on turning **Bishop's, Rook's** and Pawn's (white and dark).

Ernesto's - Instant Gallery Challenge #2

A second turning challenge has been included with the first challenge of turning a chess piece. Challenge number 2 is **Turn a traditional Mexican "Trompo" or - A string top.**

So break out the spindle gouges and give this one a try. Typically stock size of approx 3" dia X 4 - 5 inches length. Lots of inspiration via Pinterest search on the internet for "String Tops" or Trompo"s). Bring your Top to the next meeting to display on the IG Table.

Mexican Toy called "Trompo" or String Top. There are various designs/color/embellishments that can be made. Do an internet and You Tube search and have some fun turning a "Trompo".

SAVE THE DATE EMPTY BOWLS 2023

Saturday, May 13 th 2023, 11am - 2pm
La Jolla United Methodist Church
6063 La Jolla Blvd, La Jolla, CA 92037

All proceeds benefit Third Avenue Charitable Organization (TACO) programs and services.

WHAT IS EMPTY BOWLS?

Empty Bowls is an international grassroots effort to fight hunger. Local potters, craftspeople and educators work to create hundreds of handcrafted bowls for each event. Guests are invited to a simple meal of soup and bread. In exchange for a monetary donation, guests can keep their bowl as a reminder of all the empty bowls in our communities.

Empty Bowls is a worthy event that SDWT supports with its contribution of turned bowls. We have supported this event for many years. Ceramic bowls are apart of the contribution by artisans of San Diego as well but wood turned bowls are also accepted and an art piece of a turned bowl in its own right.

The most bowls contributed has been 25 by SDWT. This year were looking to turn 25+1. So please grab a piece of wood and turn a bowl to contribute.

Sally will be collecting at our April meeting.

NOTTINGHAM ACCESS

For access to the Nottingham Arts Center contact Terry Sullivan via e-mail (go2tms2@gmail.com). A voice message may additionally be left at the number listed in the member directory. Include the day and time you wish to arrive as well as the purpose of your visit. You must have approval from Terry or his representative for access to the facility.

Do not enter the Nottingham facility or grounds without prior approval or without the project leader present.
