SHAVINGS

from the Prez . . .

. A **Thank You** to Paul Russell for last month's demonstration on working with and turning burl material. An interesting demonstration on working with various odd shaped burls and the mounting onto a lathe for turning. His sample turnings displayed were quite the end result of some creative thinking and shaping. Two one-day classes followed from which all indications was well received from those that attended. So next time you see that very odd and gnarly piece of wood, give some thought to turning it into something that brings out the curve, grain, and "unique" shape. Great demonstration Paul and thanks from SDWT.

Recently AAW held a virtual membership meeting presented by the Executive Staff of AAW. If you were not able to listen in, a few highlights I captured from that meeting;

1) AAW staff and Board are undergoing a strategic review looking at both operational and policy review. A consultant firm is assisting the AAW Executive Board and new Executive Director Jennifer Newberg in this review.

2) AAW budget finances for 2022—Income \$1,668,830/Expenses - \$2,000,973. (Deficit shortfall (\$332,143) supported by AAW Reserve account).

AAW budget finances for 2023 (to date) - Income \$1,861,872, Expenses—\$2,099,150 (Deficit shortfall of \$237,278 being supported from AAW Reserve account),

3) Membership: Approx 14,000 + members

Skill Level: 19% Advanced, 5% professional, 23% Beginner, 53% Intermediate

Age level: 45% - 65-74 yrs, 19% 75+, 55-64 yrs 24%, 45-54 yrs 8%, 35-44yrs 3%, members younger then 34, 1%

4) AAW Symposium 2023 in Louisville, Attendance currently at 800 +, Expecting will end with approx 1100-1200 attendee's.

5) May 23-25, 2024, AAW Symposium returns to **Portland Oregon**.

6) Staff spoke to Grants made in 2022 (Lathes to Schools, clubs, Art Center, and a Sr Center) (School Grants to schools for pen turning supplies)

7) Spoke to the Virtual Programming events held in last 12 months to include 15 on line events held.

8) AAW Gallery of Wood Art Exhibitions held in St Paul & onsite Wood Art collection.

9) Increased digital outreach with 516% increase in Facebook, 230% increase in Instagram

10) Highlighted the Honorary Lifetime Member award to **Mike Mahoney** for his many contributions and advancement of woodturning.

Fair Update: Steve Frick (SDWT Fair Coordinator along with Jon Chernow) are busy with our preparations for this years Fair at Del Mar. Top prep is still in the works and if you have Top material still out pls bring to our May meeting along with any tops made. Pens as well. Steve further provides a heads-up (see page 20) on What to Expect at the Fair when manning our booth.

Related: we still have a shortfall in our Booth shifts at the Fair. Pls give all do consideration to assisting the club with signing up to do your part as a member of SDWT and contribute some time. Our goal is sharing in our woodturning passion with the Public and secondarily we turn tops and pens for donation. It is a worthwhile event and as a bonus you get two tickets and a parking pass. What better way to enjoy the Fair in doing a little turning and then go enjoy the Fair with your better half.

Steve must submit our booth participant listing to San Diego Fine Woodworkers (host at Design in Wood) and Fair officials around 12 May. This administrative item is important in order for Fair administrators to get mailings out to all along with your two free Fair tickets and free parking pass prior to the Fair. Sign-up today by going to our Members Only area of our Web Site and go to "Fair Sign-ups). You'll be glad you did. (and Thank You).

Looking Ahead

Plenty of opportunities for needed turned items. Our Torrey Pine Reserve Gift Shop via TAV continues to need Torrey Pine turned items, Small bowls and the like for festivals forthcoming, Weed Pots for Lumbercycle.

Lastly:

It is with sadness that I report a passing of two long standing members, **Art Bolic and Ed Ducharme**. Two members who have provided faithful and long standing support to SDWT. Their pictures were recently posted on our SDWT Facebook page but in case you were not aware we acknowledge these two members. Our thoughts and prayers go out to the families. Two members who will be missed.

Stay safe and have fun.

SDWT Demonstration/Event Schedule for 2022

I hope you are all staying well. We are blessed to have such a wonderful pas-time to keep us busy.

Our program schedule will continue to provide a variety of demonstrations to enhance your skills and maybe offer something you haven't tried before..

Sally

P.S.: On the Horizon: **June: Sally Ault, July: Janice Levi, Aug: Larry Szafranec**

Bring your notebooks for this month's demonstration with **Tom Edwards** on **Woodturned Item Finishing**. It will be a whirlwind of information. The many options of finishing application of a turned piece will range from applications with oil & waxes, of Mahoney Walnut oil, wipe on poly, Tung Oil, Shellac, Poly-acrylic, Lacquer finish, resin finishes, CA (thin CA) finish, and use of EEE/Crystal Coat to name a few. In addition, what about preparing your piece i.e., sanding, prior to finish application. Tom will

discuss this as well in his presentation. The pictures below provide some of the many turned items by Tom that provides various finish applications on wood material.

April Classes With Paul Russell

Two great classes with Paul Russell following his demonstration held on 16 and 17 April respectively. Interesting turning outcomes when turning with burl material. Learning mounting technique with each of the burl pieces along with adjustments in turning dealing with cutting thru "Air" in some cases. A fun material to work with and new turnings in Weed Pots.

“May Drop-In Saturday”

The idea behind “Drop in Sessions” is to set up a shop environment of collaboration and a place to receive assistance in answering your turning questions or help with a technique.

Our days are typically on a select **Saturday of the Month**. **8:30 am to 12:00 pm**

San Marcos, Nottingham Arts Center.

(Drop-In May 27th, 2023)

Participants must be members of San Diego Woodturners Club (SDWT) in good standing. Members under the age of 18 years may participate with parental permission and a parent or guardian must be present.

Participants are expected to help with set-up at the beginning of class and clean-up at the end of class.

Safety is ALWAYS a Priority!

- Please remember: Safety is Priority. Only SDWT members using machines
- **Bring your own tools, wood and eye protection!!!**. (There may be the odd piece of wood around if needed)

Turn Around for Veterans (TAV)

Turn Around for Vets (TAV) is a critical program of the San Diego Woodturners Club. All TAV activities are carried out by a dedicated, unpaid group of volunteers so that 100% of donated funds, designated for TAV, are used to purchase supplies and equipment and to support the program.

Paul Simpson

April has been another good, busy month for TAV. Our new volunteers are working in very well and helping our participants learn and improve their woodturning skills.

I hope everyone had a chance to see the club blast we put out regarding the new Torrey Pine wood. Prior to our April meeting Chad LaVoi and I was able to get five large pieces of Torrey Pine delivered to Nottingham. All five pieces were cut into smaller, manageable pieces and taken home by club members. After the meeting I was able to get four more sections to Nottingham; they will be available at the May meeting. This wood was extremely green so I expect it will be a while before pieces can be returned for donation to the Torrey Pines Gift Shop but I will be happy to collect them as they come in and make another delivery in the early July timeframe. I was also informed that there may be another tree that needs to be removed in the near future.

There was an active shooter alarm at NMC on Friday, April 14 which luckily turned out to be a false alarm. However, it did shut things down for a few hours. I have contacted Tasha Castro at NMC and Helen Liguori at Wounded Warrior Barracks to find out what their security response would be. I will put out a notice to all three TAV sites once I get specific security directions.

At the April meeting, I requested volunteers to help staff our SDWT booth at the Vista Strawberry Festival on Sunday, May 28. All slots on both shifts are filled and I really appreciate people volunteering for this event. We will have four lathes set up plus tables of turned items that people can make donations for. Last year we raised over \$1,500 in a single day and we are hoping to do even better this year. The entire downtown area of Vista will be closed to vehicle traffic with vendors and entertainers and a huge crowd of visitors. If you are looking for something fun to do on May 28 you should consider this street fair. Just be aware that parking will be on the outskirts of town.

Vista Strawberry Festival Booth 2022

Turn Around for Veterans (TAV)

In May two residents who have been active participants in TAV at the Aspire Career Center will be graduating. They will both be staying in the San Diego area. TAV will be giving them each a donated lathe and some other equipment, and SDWT memberships for 2023 so they can set up their own woodturning shops and continue their hobby.

Our TAV supply of donated lathes is very low. If you have a midi-lathe, or know of someone who might have one that is not being used, please contact me. SDWT will provide a donation letter to people who can help us in this way.

Each year we request a grant from the San Diego Armed Services YMCA. They are our sponsor at NMC and have provided grants for several years. This year's grant to SDWT is \$10,000. These grants are a major source for maintaining TAV equipment, tools and supplies.

Thanks for your continued support. Paul

Mentoring Program

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning.

Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule.

A list of mentors and their specialties are listed within our Mentor Tab of our SDWT.org website (**go to About tab and pull down menu, go then to Mentors**). Phone numbers for the Mentor you have particular area of interest is listed in the (members only area of the web site).. Upon making contact, arrange a time and place. If you have any questions, email me at the below address..

Jeff Neff – Mentor Committee Chairman (MentorChairman@sdwt.org)

“Mentors do not give you a shortcut, but they streamline the process. They invariably had their own great mentors, giving them a richer and deeper knowledge of their field. Their ensuing years of experience taught them invaluable lessons and strategies for learning. Their knowledge and experience becomes yours; they can direct you from unnecessary side paths or errors. They observe you at work and provide real-time feedback, making your practice more time efficient. Their advice is tailored to your circumstances and your needs. Working closely with them, you absorb the essence of their creative spirit, which you can now adapt in your own way.” From the Book - *Mastery* by Robert Greene

DelMar Fair 2023 - SDWT Booth

The Del Mar Fair for 2023 is almost upon us (**7 June -4 July 2023**). I want to thank all who have stepped up to fill the SDWT booth shifts and who will be assisting in setting up our booth. In addition, we want to thank those of you who prepped tops & pens for the Fair. The Fair is a busy time for all concerned and it is important that we put forth the best image possible for the San Diego Woodturners.

One of the most important points we want to make is that it is extremely important that each person who has volunteered to work one or more shifts at the Fair fulfill their obligation. We do understand that from time to time health issues or other

emergencies come up that prevent one from fulfilling a shift. We ask that if an emergency does come up that you let us know as soon as possible so that we have an opportunity to find a substitute. You would also need to get Fair tickets and parking pass to us asap. We need to then notify the Fair of these changes because of security reasons and the fact that we bring in tools.

If this is your first time volunteering you might have questions about what you should bring to your shift. We have tried to keep this simple. You will need to bring your turning tools and personal protective equipment. Please do not bring all of your tools. We are turning small objects and you should bring appropriate tools for turning tops, pens, etc.

There is a break room in The Design and Wood Building for us to use. Typically water and soda are provided. The Fair administration has asked us to keep sanding to a minimum. All finishes and child safe felt pens will be provided by our club. We have prepped tops and pen kits for you to turn. If you turn other small items you will need to bring these materials. Remember to wear protective equipment at all times while you are turning.

While manning the booth we do have signage asking for donation for a top and/or pen that in part supports TAV. Please do not work on personal projects unless you plan on donating these items. We ask you to arrive about 30 minutes early. Traffic is sometimes a problem and we want you coming relaxed and ready to meet the public.

At the end of each day one of the volunteers will count the donations and take all but \$20.00 (leave the \$20.00 in small bills for the next day) home. This person will be asked to write and mail a check to SDWT (9984 Scripps Ranch #198, San Diego, CA 92131). We will have pre-addressed envelopes at the back of the booth for you to use. Write the date you volunteered on the check so that we can better track the donations coming in.

The parking passes and fair tickets should arrive at your home a couple of weeks before the Fair. Parking information will be provided as soon as we hear from SDFWA. Our booth is in the Design In Wood building. If there are questions call or text Steve Frick (858) 442-3845 or send an email. Address in the Member Directory via our web site.

Steve Frick

Fair Sign-Up Information

San Diego County Fair

We are still looking for volunteers for the San Diego County Fair SDWT Booth. Most importantly we are looking for people to work in the booth during the Fair.

With slots still yet to fill, we have plenty of days and times available. **Volunteers will receive two tickets to the Fair and a parking ticket for every shift worked.**

There are 2 ways to sign up for a shift at the Fair. ,

- you can go to the members only section of the club's web site and sign up directly on the Fair Signup Schedule, I understand you will need to logon from a desk top computer to access the spreadsheet,

- or you can email me at TheFairBooth@sdwt.org with the dates and times you would like to volunteer (see Fair Sign-Up schedule in the Members Only Tab of our Web site for remaining open shifts).

In addition, we need help assembling tops and turning completed tops. We will be assembling tops at Saturday's Drop in and I have top blanks available for anyone interested in turning some tops. This would also be a good opportunity to get some help learning how to turn a top.

Your help is appreciated,
Steve Frick - Fair Coordinator

Ernesto's - Instant Gallery Challenge

A turning challenge has been announced for over the next few months— **Turn a Chessman. The Board is beginning to be filled up.**

So break out the spindle gouges and give a try on turning a chess piece. Either a conventional design or something turned a little bit differently. Lots of inspiration via Pinterest search on the internet. Bring your piece's to the next meeting and fill out the chess board that will be on the Instant Gallery table.

Dimensions below are a general guide to follow if not suggested a turned piece slightly less in size.

This month's focus is on turning **Bishop's, Rook's** and Pawn's (white and dark).

Ernesto's - Instant Gallery Challenge #2

A second turning challenge has been included with the first challenge of turning a chess piece. Challenge number 2 is **Turn a traditional Mexican "Trompo" or - A string top.**

So break out the spindle gouges and give this one a try. Typically stock size of approx 3" dia X 4 - 5 inches length. Lots of inspiration via Pinterest search on the internet for "String Tops" or Trompo"s). Bring your Top to the next meeting to display on the IG Table.

Mexican Toy called "Trompo" or String Top. There are various designs/color/embellishments that can be made. Do an internet and You Tube search and have some fun turning a "Trompo".
