## **SHAVINGS**

from the Prez . . .

The Holidays are almost upon us and what better time then to try out some of the turning projects from the demonstrations we have recently had. Most recent pen collaboration demonstration with Brian Saunders and myself. We both hope you took away some ideas to give a try to up your game in custom pen turning. Thanks Brian for a Great Collaborative Demo to advance ones pen turning technique and skills.

Let me first start off this special month of November with a salute to all our Veterans of SDWT and to those that we serve thru our TAV program. November 11th is always a special day to remember to those that gave for our Nation and the freedoms we have and to honor those who are still unaccounted for. They will never be forgotten. Take a moment on 11 November to pause and give thanks to all veterans and active service men and women where ever they might be. And Oh, something near and dear to my heart, HAPPY BIRTHDAY Marines-248th, November 10th,2023 and still the world's finest fighting force!!!

Ornament time reminder: The two Christmas Ornament contests going on to bring to your attention with prizes for entries. Check them out for entry info. Good Luck.

1) **Turners Warehouse** ([turnerswarehouse.com](http://turnerswarehouse.com)) "5th Annual Turners Warehouse Ornament Contest and Charity Auction 2023. Benefitting St. Judes Childrens Hospital. Awards and prizes to be given out.

2) **As Wood Turns** "[ornamentchallengekickoff2023.com](http://ornamentchallengekickoff2023.com)". Gift Cards and tools to top winners selected. Discounts on items for all participants who submit an ornament. If you make note on your entry that you're an SDWT submittal, we may be selected for a special IR demo. Check out the link.

This month's demonstration is being provided from our own SDWT member Dwight Kraich, on turning a peppermill. I mentioned to Dwight that his basic peppermill designs are quite the hit with the Marines at Camp Pendleton TAV. Using Dwight's design and templates from a class he gave a few years back you will find that it's not as daunting a project that it might seem on first glance. This is another one of those Holiday projects to surely be a hit as a gift or in your own kitchen. Don't miss this demo with Dwight, its going to be a good one.

## **SHAVINGS Cont...**

from the Prez . . .

This month's general meeting we will be having our annual vote (by voice vote) for continuation of a couple of current Board Members who have finished their first three year term and vote on a potential new Board member. Three current board members have expired second terms (Dave John, Jeff Neff, and Terry Sullivan). We thank them for thier service as Board members and look forward to their contributions to the club in the future. Thank You Gents and Thank You from SDWT.

Speaking of some member changes, we have a Committee Chair change with Paul Simpson relinquishing his duties and responsibilities as TAV Chairman. See his write up and announcement on page 6. I think you will all be happy as to the choice and selection Paul has made and the right person for the position. Paul has served as TAV chair for a little over 4 years and has accomplished quite a bit to sustain our banner program with funding, volunteer efforts in support of TAV, public TAV promotion such as at the annual Vista Strawberry Festival, Botanical Garden winter fests, Del Mar Fair, and other smaller events not only promoting TAV but also promoting our passion for our craft in wood turning. He has also been quite the sales man with sales to the Torrey Pine gift shop of our Torrey Pine turned items and quite the "Frontman" selling (for donation to TAV) various turned items and quite successful at all the TAV outings. Above all he has been the consummate advocate for our service men and women at our three TAV sites ever looking to help, donate a lathe or two to a promising turner or taking the time to explain the program to VIP's and individual sailors and Marines who may inquire. His efforts are noteworthy and from all in SDWT, a salute on your many contributions that has sustained and will continue the TAV program. Thanks Paul for all that you have done and for your time and efforts above and beyond.

Lastly, it has been quite the year with the many activities that SDWT has pursued. Thanks to all our volunteers and contributors that help make SDWT prosper and grow in our craft. As it is November, I wish you and your family a Happy Thanksgiving. Be Safe this Holiday Season.

## SDWT Demonstration/Event Schedule for 2022

I hope you are all staying well. We are blessed to have such a wonderful pastime to keep us busy.

Our program schedule will continue to provide a variety of demonstrations to enhance your skills and maybe offer something you haven't tried before..

On the Horizon - **Dec 16th: Christmas Party**

### **“Traditional Peppermill Demo”**

**When I first began turning several years ago, I truly had no intention of turning a lot of peppermills. A friend introduced me to an opportunity, and I decided to follow that road for a while. If I only knew then what I know now..... Come join me at my peppermill demo in November where I will share my process for turning traditional peppermills and my learnings along my journey. My focus is on both functionality and artistic form!**

**There are numerous peppermill mechanisms available on the market, yet they all share the same primary purpose. Through a hole drilled all the way thru a perfectly good piece of wood, peppermills are designed to deliver the wonderful aromas and flavors of pepper to the foods you are preparing. My demo will focus on what I consider a traditional peppermill. I will share the steps I go through in making these peppermills, some forms to help you get started, and finally some of my personal thoughts on areas of focus that will allow you to step up your game.**

# “Drop-In Saturday”

Come join your Drop-In Mentors to help with your turning question(s). Mentor's **Pete Campbell, Steve Frick, Chad LaVoi, and Carolyn Jones**)).

**The idea behind “Drop in Sessions” is to set up a shop environment of collaboration and a place to receive assistance in answering your turning questions or help with a technique.**

Bring your own tools and project material along with your PPE.

Our days are typically on a select **Saturday of the Month. 8:30 am to 12:00 pm**

San Marcos, Nottingham Arts Center.

**(No November “Drop-In”)**

**(“Drop-In” will resume December 9th, 2023)**

*Participants must be members of San Diego Woodturners Club (SDWT) in good standing. Members under the age of 18 years may participate with parental permission and a parent or guardian must be present.*

**Safety is ALWAYS a Priority!**

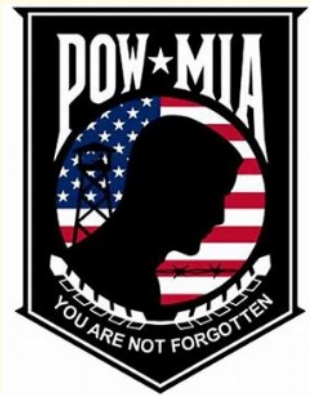

## Turn Around for Veterans (TAV)

Turn Around for Vets (TAV) is a critical program of the San Diego Woodturners Club. All TAV activities are carried out by a dedicated, unpaid group of volunteers so that 100% of donated funds, designated for TAV, are used to purchase supplies and equipment and to support the program.

**Paul Simpson**

## November 11th, 2023

I have had the honor and privilege of serving as TAV Chairman for the past four years. I am stepping aside so I can provide care giver assistance to my wife Ruthie. We are working our way forward to some really extreme back surgery. My sincere Thank You to all the TAV volunteers who helped keep the program running and serving the veterans and wounded warriors we have introduced to the hobby of woodturning. San Diego

Woodturners established the TAV program in 2007 and has sponsored the program continuously. All members of SDWT have directly or indirectly supported the program and should be proud of the program. I am happy to announce that **Ernesto Aquino** has agreed to take over as TAV chairman in November. He was one of the early graduates of TAV and became Tom Lightner's right hand assistant, an excellent instructor, mentor and top donation solicitor. Welcome back aboard Ernesto!

November 11 is Veterans day. SDWT club members will be celebrating and honoring Veterans in various personal ways. Those of us who have had the privilege of working directly with younger veterans have a special awareness of the sacrifices they have made, and continue to make, to protect the freedoms of our great nation.

## Turn Around for Veterans (TAV) con't

Last November, Tom Lightner passed away. Tom was a very special Veteran and one of the original members who helped establish TAV. Everyone who knew him also knew that he was a retired Major General in the US Army. He was an artillery officer in Vietnam and was a contemporary of many of the senior officers who rose to lead our armed forces in the first Gulf War. He was the godfather of General Colin Powell's son. I count Tom as a personal friend and mentor. He was the Chairman of TAV for ten years and put everything he had into the program. The following picture (R) is his official Army photograph. I am guessing that many of you who knew Tom did not know what he looked like in his younger years. The above photo is of Tom and Ross Mandryk when the TAV program at Aspire was named the Ross Mandryk Woodturning Center.

Our October TAV ended on a great note. We had 20 participants as a result of "beating the bushes" to ensure we had plenty of people onsite for visits to NMC by two very important people. Frank Martin is the new director of San Diego Armed Services YMCA. He was very impressed with our site and will continue to support us. We discussed the grant that TAV usually applies for each year in March. He said to go ahead and apply now because he has budget available this year. The other visitor was a lady who asked Sally Ault about making a significant donation to TAV. I picked her up before we normally start setting up. She helped set up awnings and get things ready, had a chance to ask lots of questions about the program and is very impressed with TAV. She also brought home made cake to share and Sally taught her how to turn her first two pens.

I will continue to be an active member of TAV and support Ernesto as he takes on the position and responsibilities of Chairman. Please provide him the same level of support and encouragement that you have provided to me. Happy Holidays and Thank you! Paul

**Happy Birthday Marines.**

# “One Last Cut”

A Poem by SDWT Member Jason Hamilton

I'm finally taking what I have learned  
All the pens and tops that I have turned  
It's time to turn a bowl – and I don't give a damn  
Cause I learned it up in Nottingham

I paused for a moment of reflection  
And drew the plans for my perfection  
A bowl I'll make from segments and staves  
Now it's time to mount it to the lathe

The face plate is screwed,  
The blank balanced and trued.  
I feel the excitement in my gut  
As I turn the lathe on, and make my 1st cut.

My gouge is made with the finest of steel  
And ground like a razor on the CBN wheel  
It glides in smooth and I flatten the face  
Then I dive in and quicken my pace

The chips start to fly and my hands feel the strain  
But my heart is elated as I stare at the grain  
I think I could probably stop here, but

Cont next page

# One Last Cut Cont...

It's a wee bit too thick... It needs 1 last cut

The gouge is too dull so it's back to the wheel

A quick little touch up to sharpen the steel

Now I can bring it to its final last shape

And smooth it all out with a little shear scrape

But what is this – A little knot on the rim...

It must have been where the trunk met a limb

I suppose I could just leave it, but...

It just wouldn't feel right... It needs 1 last cut.

Then I discovered a wave at the bottom

I could hear my mentors fretting about what they have taught him

So another cut came and another cut went

More dust went flying and more shaving spent

Then from inside the house, my wife heard a tearing

Four letter words of cursing and swearing

She knew that I had been stuck in a rut

And was familiar with the sound of my "Just 1 more cut"

She poked her head in the shop to see what's the matter

Expecting a beautiful vase or a platter.

But then she gazed at what I held in my hand

And with the greatest of sincerity she said...

**"Wow honey – that funnel sure is grand!"**

## Heads Up - SDFWA Presents

San Diego Fine Woodworker Association (SDFWA) presents a special demonstration by Mr. Andy Goldman,

Topic: Making Beautiful Segmented Bowls Explained

When: 29 November, 2023

Time: 7:00 P.M.

Where: Our Mother of Confidence Catholic Church

3131 Governor Drive, San Diego

Add Info: Look for more info forthcoming at [SDFWA.COM](http://SDFWA.COM)

# Mentoring Program

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning.

Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule.

A list of mentors and their specialties are listed within our Mentor Tab of our [SDWT.org](http://SDWT.org) website (**go to About tab and pull down menu, go then to Mentors**). Phone numbers for the Mentor you have particular area of interest is listed in the (members only area of the web site).. Upon making contact, arrange a time and place. If you have any questions, email me at the below address..

**Jeff Neff – Mentor Committee Chairman** ([MentorChairman@sdwt.org](mailto:MentorChairman@sdwt.org))

**“Mentors do not give you a shortcut, but they streamline the process. They invariably had their own great mentors, giving them a richer and deeper knowledge of their field. Their ensuing years of experience taught them invaluable lessons and strategies for learning. Their knowledge and experience becomes yours; they can direct you from unnecessary side paths or errors. They observe you at work and provide real-time feedback, making your practice more time efficient. Their advice is tailored to your circumstances and your needs. Working closely with them, you absorb the essence of their creative spirit, which you can now adapt in your own way.”** From the Book - *Mastery* by Robert Greene

# The Last Page - "Cutoffs"

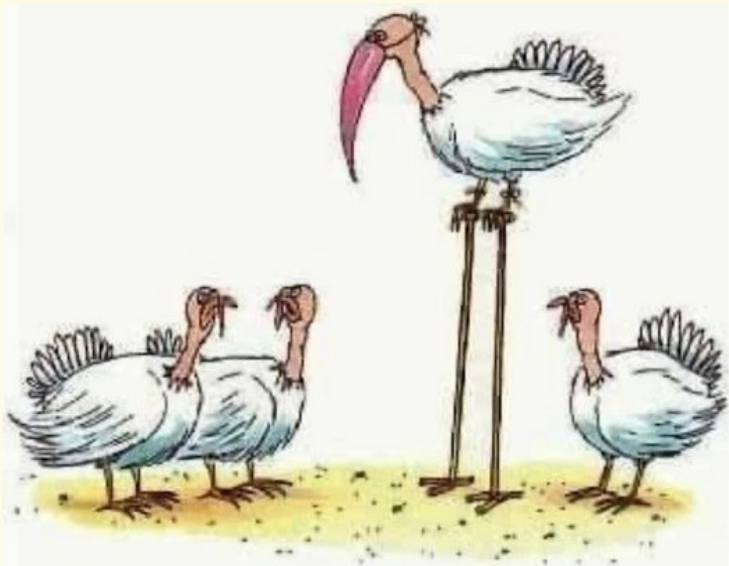

(Odds and Ends)

Mother-in-law came for dinner and said, "Why does the dog keep looking at me?" I said, "Because you're using his plate!"

On our way to church, we asked our grandchild why is it important to be quiet in church. She said "Because there are people sleeping!"

Time change. I had to go around and fix all my clocks.

"He's got a point. Nobody eats a flamingo on Thanksgiving."

I discovered that answering the door naked helps deter trick-or-treaters. Oh, here we go again, here's two dressed as policemen...
