SHAVINGS

from the Prez . . .

November has come and we can look forward to cooler weather in San Diego. A good time to be in our shops and turning. And turning is therapeutic during our continuing lockdown!

November marks the 9th month of lockdown due to the COVID-19 virus and the 9th month that we have not been to meet in person. Unfortunately, as I write this, the virus is surging with many areas reporting significant increases in cases and hospitalizations. So we will be continuing our virtual Zoom meetings for a while longer.

Sally Ault has been working hard to bring us high quality demonstrators and November marks the month where we will begin to offer an additional Zoom demo beyond our regularly scheduled meeting.

In the hope that we may be able to resume meeting in person at Nottingham sometime next year we are tentatively planning an in person meeting at Nottingham in March of 2021. This meeting will only occur at Nottingham if it is safe to do so. We have also formed an A/V Advisory team who will be looking at our A/V setup and equipment and will work to develop our Zoom capabilities both at Nottingham and remotely in member's shops.

Membership Renewal Time:

2020 is rapidly coming to a close (thank God!) and it's membership renewal time. Please renew your membership. You can do so by going to sdwt.org and going to the Members Only section. In the Members Only section go to "Membership Renewal using PayPal. Or you can send a check to SDWT Treasurer, P.O. Box 198, San Diego, Ca 92131. Your Board and committees are working hard to provide excellent content and value during the lockdown and we encourage you to renew.

Special Demo Tuesday November 10, at 6:00 PM:

Survey results showed that many of you would like more Zoom content, so we are planning to add additional programming as we can. On Tuesday evening November 10, at 6:00 PM **Alex Snodgrass, Mr. Bandsaw**, will be our demonstrator. The waiting room will open one half hour before the demo at 5:30 and there will NOT be a business meeting (Yea!). Alex will demonstrate going from a log to a bowl blank on the bandsaw with an emphasis on safety and jigs. We expect the presentation to be about 1 hour. Alex is an excellent presenter and I hope that you all will attend.

Board of Directors Election:

Don Owen has completed his second term and is not eligible to run again. **Thank you!** Don, for your service! Four Board members are completing their first term and three are running for re-election. Thus there are 5 openings. We have 5 candidates for 5 openings in the election. The candidates are: Chad LaVoi, David John, Jeff Neff, Terry Sullivan and Roy Ulrich. We will hold the election at our November 21, general meeting.

(continued on page 3)

(Shavings Continued)

Wood, CA Glue, Sandpaper and Abranet Day at Nottingham:

Again, based on input from the survey, we will try to hold a Wood, CA glue, sandpaper and Abranet day at Nottingham about every 6 to 8 weeks. Our next event is scheduled from **11:00 AM until 2:00 PM on Tuesday November 17**. Dan White has obtained fresh wood from Lumbercycle and there will be firewood available too. **Please remember that a face mask must be worn at all times and social distancing is required.**

If members would like to obtain wood from Lumbercycle, please contact Dan White using contact info in the Membership Directory in the Members Only section of our website.

San Diego Fine Woodworkers Assn. (SDFWA) Turning Classes:

SDFWA is offering small hands-on wood turning classes at their Member Shop, 5360 Eastgate mall Suite E, San Diego, Ca. 92138. Classes are taught by Larry Szfranaic, Palomar College Woodturning Instructor, and are limited to 4 participants each class. For insurance purposes, participants must be members of SDFWA so each class costs \$35.00. A 5 hour lathe spindle turning class is offered on November 1, and 4 hour Christmas Ornament classes are offered on November 8, 24 and 27. Please check the calendar on the SDFWA home page (sdfwa.org) for schedule. Availability is limited.

Please regularly check the sdfwa.org site and participate in their great content.

AAW:

Please visit the AAW site regularly and utilize the excellent content. We encourage everyone to join the AAW, but even if you choose not to, there is still useful content available to all.

Record Power Free Weekly Demos:

Record Power United Kingdom is sponsoring free demos internationally every week. The demonstrator is Theo Haralampou, live from New Zealand. Theo is a relaxed, experienced creative and excellent demonstrator with an excellent Zoom setup. In San Diego, the demos are on Friday afternoon at 4:30 PM. To participate email Mike Davies at MikeD@recordpower.co.uk and put RSVP in the Subject line. On November 6, Theo will be demonstrating how to turn an eight point star on the lathe.

Even during lockdown, there are a lot of fun opportunities available to us internationally and I will try to point them out to you as I learn of them.

Stay Safe!

Happy Thanksgiving!

Brian

SDWT Demonstration/Event Schedule Adjustment for 2020/21

I hope you are all staying well. We are blessed to have such a wonderful pastime to keep us busy while we are not able to get together in person. The new technology of Remote Interactive Demos (via ZOOM) is perfect for our current situation. Forthcoming demo's as follows:

Sally

November (21st) Pro-Penturner Mark Dreyer: Will demonstrate on improving your skills in pen turning from "Beginner to Professional." See Mark's pen website (theartofpens.com).

Mark comes to us virtually from the Chicago area and is a noted penturner in the mid-west region giving demo's at club's and for Easy Wood Tools. He has given pen turning demonstrations at AAW symposium and is a featured turner at the annual Mid-West Penturner's gathering. He brings a lot of pen-turning experience that he will be sharing with us along with tips and techniques to improve your pen turning. This is one not to miss to up your game in penturning.

December (12th) Joe Fleming returns and will provide a demonstration on turning and making a stool with a rush seat..

Kicking off the Demonstration Schedule in 2021 will be Eric Lofstrom. This will be one not to miss. Mark your calendar now.

January 16th our remote virtual demonstration will be Eric Lofstrom (ericlofstrom.com)

Reminder to All SDWT Members

Beginning in 2018, cybercriminals attacked SDWT club officers by using information obtained from our website. Since we have removed contact information from the public areas of our website and increased fraud awareness, these attacks have subsided. However, these criminals are sophisticated and change their tactics frequently.

In addition to direct attacks against our club, new scams are being reported involving tax filing delays, tax refunds, Social Security, the Census, COVID-19 Economic Impact Checks, and COVID-19. These scams involve phishing emails, robocalls and even people coming to our homes to sell non-existent vaccinations, medicines and tests. Be vigilant! Maintain a high level of suspicion!

DO NOT RESPOND TO ROBOCALLS OR CLICK LINKS THAT YOU DO NOT RECOGNIZE!

We must all have a high level of suspicion concerning any request for money, gift cards, banking information, credit card information, PayPal information, crypto currency, etc. and always keep our guard up!

SDWT will NEVER:

Send an email asking anyone to send or email gift cards or cryptocurrency.

Send an email asking for money or payment, **EXCEPT** for a class that you have signed up for, and then only send a check for the fee to the treasure at our club's address. SDWT will never ask for gift cards or cryptocurrency to pay for classes.

PayPal is used for membership, and for donations.

REMEMBER, cyber criminals are very sophisticated and even the experts can be fooled!

If in doubt, ALWAYS call the treasurer, president or a club officer using the contact information found in the Members Only section of the SDWT website!

As members of the San Diego Woodturners, you may come across an opportunity for us to add to our wood inventory and made available to our membership at nominal cost.

If you hear of anyone needing to move wood off their property please give me a call **Dan White** (see members only tab (membership directory for contact info or send an email to GotWood@sdwt.org).

Lumbercycle has a large quantity of good wood available to pick-up in Ramona. (see lumbercycle.org for more info).

If members would like to obtain wood from Lumbercycle, **please contact Dan White** using contact info in the Membership Directory in the Members Only section of our website.

It is important that masks are worn and that social distancing is maintained during this COVID-19 crisis if going to lumbercycle.

Regarding the **11:00 AM until 2:00 PM on Tuesday November 17 SDWT event Brian spoke of in Shavings:**

I've obtained some fresh wood from Lumbercycle that will include Torrey Pine, Sycamore, and Cyprus. Ash and Eucalyptus on site along with firewood available too.

- Please remember that a face mask must be worn at all times and social distancing is required.

See you then.

Turn Around for Veterans (TAV)

Chairman: *Paul Simpson* .

Turn Around for Vets (TAV) is a critical program of the San Diego Woodturners Club. All TAV activities are carried out by a dedicated, unpaid group of volunteers so that 100% of donated funds, designated for TAV, are used to purchase supplies and equipment and to support the program. As always, any one can make a cash or material donation to SDWT, designated for TAV, and receive a letter from our treasurer that acknowledges the gift as a tax deductible item, if otherwise eligible under current tax code.

Paul

(TAV Committee Chairman)

Member-"Chips"

Hello San Diego Woodturners:

- Membership is at 232.
- Remember, remember... to renew your annual membership for 2021.

Due to obvious COVID reasons, renewals cannot be made in person. Checks however may be made out to San Diego Woodturners (memberships are \$50 for renewals or for new members) and can be accepted via mail at:

SDWT

9984 Scripps Ranch Blvd, #198
San Diego, CA 92131

Note on check "Membership Renewal for 2021."

If you would rather pay online, go to our **Members Only** Tab on the SDWT Web site (sdwt.org), sign in, then go to the link "**Membership Renewal using PayPal.**" click on this link and fill in the form.

If you're already an SDWT member, consider also joining AAW, if you think our resources are great, you will no doubt benefit from their pool of knowledge, journal, past articles, and other woodturning informational resources. Check them out at www.woodturner.org

If you are an existing member interested in one of the new wooden name badges, the cost will be \$7 per badge and it will include your choice of either magnet or pin attachment. If you need either an extra pin or magnet, those will be \$1. **(Suspended for a bit, please be patient).**

If you have any questions or you think you might be missing club emails. Let us know either in [SDWT Members](#) or membership@sdwt.org

Thank you,

Esther Assemat (Membership Committee Chair)

From the SDWT WEBMASTER

There are new items on the **MEMBERS ONLY** webpage to check out

Website Tips & Tricks – There is a new document that summarizes each of the clickable links on this webpage and their function. See the list below and remember you'll need the password to access this webpage.

Membership Photo Directory – Brought back this document and now we need lots of member's pictures, so don't be shy. Check it out and email your headshot to memberphoto@sdwt.org

Zoom Recordings – Did you miss any of the Zoom meetings the last months or can't read your notes? No problem as you can find them on our website. The October Demo with Rudy Lopez is posted for your viewing. Enjoy!

Have you been on a woodturning website and saw a feature that we should have on our website? Send the information to webmaster@sdwt.org and keep the chips flying.

Safety Item of Note for Information:

If you're a subscriber to "Woodworker West", the Nov/Dec, 2020 issue (page 12) contained a short article entitled **More Fractal Burning Incidents**. Fractal Burning is a wood burning technique, in which high voltage electricity is applied, with electrodes, to wood soaked in salt water. The result is a burnt branching design, Lichtenberg figure, on the surface of the wood. Though stunning, mixing electricity and water can be a deadly combination.

The article served as a reminder of the dangers of fractal burning and noted that there have been more than 30 identified accidents over the past four years including 24 fatalities. Four have occurred in 2020 along with an incident in which three were severely injured.

The article serves to remind us all that AAW along with SDWT prohibit the use of fractal burning in any AAW activity or use by membership. Similarly with SDWT. To view our policy go into the Newsletter archive and click on the May 2018 issue (page 3) where we addressed our Fractal Burning policy. Be Safe!

(Safety is always a worthwhile routine)

October Demo Summary

October's virtual demonstration was presented by **Rudy Lopez** (pictured above) (rudolphlopez.com). Rudy covered the turning process and steps associated with turning a Natural Edge Wing Platter with Carved Feet. The process in turning this type of project appeared to be quite challenging and a turning project for an intermediate level turner. Sharp tools and good tool control were a must when pursuing this project. Rudy also showed us how he sharpens his tools and referenced a gauge template that can be found on his web site. Go to his web site and Resources Tab and you will find a listing of handouts one can print out and an additional resource link for his grinder jig template.

The full demonstration recording can be found on our SDWT members only tab of our web site. Go to ZOOM Recordings within the Tab. You will also find a link to Rudy's presentation notes along with some pictures of other bowl type platters and a handout on how to make a rotary sander.

Pictured right, was Rudy's carving station set up when he showed us how he took his carving tools to carve the feet on the reverse side of the platter piece.

Thanks Rudy for a Great Demo!

Raffle

As you know we are on hold with club activities and such. We will reconvene with our fantastic raffle at that time at our next group meeting sometime in the future.

I've been turning in my shop and encourage you to do the same if you're at home. Please do share some of those turnings pictures and post on our SDWT [Facebook \(SDWT Members facebook group\)](#) member page (our virtual "Instant Gallery" if you will). Always amazing to see what members are turning.

In addition, if you're looking for some help, our mentors are available to answer questions. Give them a call (Phone # via Member Directory).

Be safe in you shop and otherwise.

Jeff Neff - Raffle Committee and Mentor Chairman.

Hollow-Pro Tools™

Designed by professional woodturner **Mike Jackofsky** and manufactured in the USA by the *Hunter Tool Company*.

1) **The Hollow-Pro Rocket Tool:**

These tools feature a unique negative angle built into the tip. They have been specifically designed to use the Hunter carbide cutters; the negative angle makes the carbide less aggressive and easier to control. Hollow Pro Rocket tools are professional, fast and efficient hollowing tools for making hollow vessels up to about 7" high x about 7" diameter. These 8" tools have 3/8" shafts to allow hollowing through very small restricted openings. The tools use replaceable #1 size carbide cutters and are designed to fit into any large handle with a 3/8" or 1/2" opening. (Tip: place the screws from these handles on the side or top of the tools, so the bottom will slide smoothly on the tool rest).

The round shafts of these tools can be rotated slightly to make clean "shear" cuts and the bent tool is also very useful for undercutting the opening on larger hollow vessels. The kit comes with one straight and one bent tool and includes replaceable Hunter #1 carbide cutters for clean cuts and durability, and a Torx wrench for rotating and replacing the cutters as needed.

2) **The Hollow Pro Calipers** provide accurate measurements in crucial areas of hollow vessels and open bowls.

Hollow-Pro Calipers are precision made from steel and aluminum for maximum strength while maintain a comfortable light weight. The small size will work for hollow forms up to about 8" in diameter and up to 6 1/4" deep. The larger size works for hollow forms up to about 18" in diameter and up to 11 3/4" deep.

For more info and pricing, email Mike at (info@mikejackofsky.com or Visit Mike's Web site: www.mikejackofsky.com.) for ordering and obtaining your Rocket and Caliper tools. You will be glad you did .

Mentoring Program

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning.

Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule.

A list of mentors and their specialties are listed within our Mentor Tab of our SDWT.org website (**go to About tab and pull down menu, go then to Mentors**). Phone numbers for the Mentor you have particular area of interest is listed in the (members only area of the web site).. Upon making contact, arrange a time and place. If you have any questions, email me at the below address..

Jeff Neff – Mentor Committee Chairman (MentorChairman@sdwt.org)

“Mentors do not give you a shortcut, but they streamline the process. They invariably had their own great mentors, giving them a richer and deeper knowledge of their field. Their ensuing years of experience taught them invaluable lessons and strategies for learning. Their knowledge and experience becomes yours; they can direct you from unnecessary side paths or errors. They observe you at work and provide real-time feedback, making your practice more time efficient. Their advice is tailored to your circumstances and your needs. Working closely with them, you absorb the essence of their creative spirit, which you can now adapt in your own way.” From the Book - *Mastery* by Robert Greene
