SHAVINGS

from the Prez . . .

COVID-19:

I am sad to report that Rich Setzer passed away from complications of COVID-19 on December 11, 2020 at the age of 69. Rich was not a member of our club, but we met him near the end of 2019, when he introduced us to the Tools4Troops program. Rich was a US Navy veteran and a passionate volunteer and loyalty to the military. Rich was devoted to working with Dogs on Deployment which helps service members find foster homes for their family pets while they are on deployment. He was also the San Diego Director of Tools4Troops an organization that collects tools and distributes them to veterans to improve their access to employment opportunities. He will be sorely missed.

COVID-19 is hitting our community very hard. As I write this our community is on lockdown, the virus is surging, cases and deaths are rising, elective surgeries are being canceled, ICU beds are in short supply and things are expected to get worse as holiday travelers return home. While vaccines have been developed and are beginning to be administered, the pace of vaccination is slow, and it will be many months before it will be safe to meet together in person. So, our virtual Zoom meetings will continue for at least the next 6 months. It will also not be possible to hold any in-person events until conditions improve and restrictions are lifted.

Please wear a mask whenever out in public or when meeting anyone. Maintain social distancing and stay at home as much as possible. This is an illness that is best avoided. STAY SAFE!

Membership Renewal Time:

It's that time of year again! Please renew your membership. Open the SDWT website and go to the Members Only section. In the Members Only section go to "Membership Renewal Using PayPal". Or you can send a check made out to SDWT and mail to SDWT Treasurer, 9984 Scripps Ranch Blvd., P.O. Box 198, San Diego, Ca 92131. Please renew your membership soon to continue to get the links to our Zoom Meetings and to receive all of the benefits that come with your membership. We will be changing the password to the Members Only" section of our website in Mid-January. Thank you!

San Diego County Fair 2021:

Reference: **FAIRGROUNDS San Diego Union Tribune (12-11-2020)**

Board terminates leftover fair contracts:

DEL MAR

Aiming for a pandemic-proof 2021 San Diego County Fair, the board of directors at the Del Mar Fairgrounds voted Tuesday to terminate all entertainment contracts that were held over from the canceled 2020 fair.

(continued on page 3)

(Shavings Continued)

Thirty-three contracts worth a combined \$2.6 million were nullified by the board's vote. Board members and fairgrounds staff said during their monthly meeting that opting out of the contracts will give them more flexibility to mold a 2021 fair around whatever public health restrictions are still in place.

“We don't know what it's going to look like,” said board member Frederick Schenk, who chairs the Fair Operations Committee.

When the 2020 fair was canceled due to the COVID-19 pandemic, entertainment contracts were deferred to 2021 in anticipation of the world returning to normal by next summer.

“Here we are in December 2020, uncertain as ever about what the future holds,” said Katie Mueller, chief business services officer of the fairgrounds.

Terminating the contracts, Mueller added, gives the performers a chance to pursue other opportunities. A news release also said that canceling the contracts will give fairgrounds staff more freedom to plan layouts, activities and other aspects of the fair that make it as safe as possible.

“In this day of uncertainty, we need to be creative and reimagine our approach to the 2021 fair,” fairgrounds interim CEO Carlene Moore said in a statement.

The state-owned Del Mar Fairgrounds has been financially strapped since the onset of the COVID-19 pandemic in March 2020, when all the large events it counts on for most of its revenue were canceled. The Crossroads of the West gun show scheduled for this weekend was one of the latest cancellations announced by board members.

The Del Mar Fairgrounds received \$4.7 million from the federal government's Paycheck Protection Program, but other avenues for financial aid have been harder to come by. After requesting \$20 million in emergency funding from the state, the fairgrounds received a share of \$40.3 million that Gov. Gavin Newsom allocated for all fairgrounds throughout the state.

From Ed Gladney, San Diego Fine Woodworkers Design in Wood Coordinator: The latest from the 22nd District Agricultural Association Board of Directors. All entertainment held over from last year is canceled. Presently, I do not think there will be a 2021 Design in Wood show at the fairgrounds. There is no staff to support DIW or any other exhibit. All have been laid off and there is no further information from the fairgrounds.

Design in Wood will not be held in 2021, even if the fair opens. This is very sad news and we do not know what the future beyond 2021 holds.

New Year!:

Goodbye and good riddance to 2020!!! I would like to end this my first Shavings of 2021, on a note of hope. Vaccines are here, a new year has begun, and I believe that there is light at the end of the tunnel. Stay at home, avoid this virus and I look forward to being able to be meeting together toward the end of the year.

HAPPY NEW YEAR!

Be Safe!

Brian

SDWT Demonstration/Event Schedule for 2021

Happy New Year to All! I hope you are all staying well. We are blessed to have such a wonderful pastime to keep us busy while we are not able to get together in person.

Our New 2021 program schedule will continue with Zoom demo's until such time as we can get together again and its safe. Look for a variety of demonstrations to be forthcoming and **Thank You** for the suggestions per our recent club survey. Lots of good ideas. Forthcoming demo's as follows to start our New Year:

Sally

January 16th, 2021 our remote virtual demonstration will be presented by Eric Lofstrom (ericlofstrom.com). One of the tools we have in our tool box for spindle turning is that of the Skew. Yes, I Know it's that %\$&**))* tool that you tried and now just sits in your tool rack. Well, this month's demo is going to take a deep dive into turning with a skew. Understanding the skew, sharpening the skew, performing various cuts with a skew and the techniques associated. If you want to do a little reading ahead of time, go to Eric's web site above and click on his resource tab. Within is a supplement handout to view ahead of time (**Making the Cuts**).

Eric is an excellent presenter and I am sure you will enjoy the demo and hopefully walk away with techniques on how you can improve your Skew turning skills.

February 20th, 2021 our remote virtual demonstration will be presented by Jeff Hornung (jeffhornung.com or thewalnutlog.com).

March 20th.....TBD

April 17th, 2021 one of our favorite demonstrator's (Cindy Drozda) returns to present a demonstration on one of her trade mark turnings - finials. (cindydrozda.com)

Reminder to All SDWT Members

Beginning in 2018, cybercriminals attacked SDWT club officers by using information obtained from our website. Since we have removed contact information from the public areas of our website and increased fraud awareness, these attacks have subsided. However, these criminals are sophisticated and change their tactics frequently.

In addition to direct attacks against our club, new scams are being reported involving tax filing delays, tax refunds, Social Security, the Census, COVID-19 Economic Impact Checks, and COVID-19. These scams involve phishing emails, robocalls and even people coming to our homes to sell non-existent vaccinations, medicines and tests. Be vigilant! Maintain a high level of suspicion!

DO NOT RESPOND TO ROBOCALLS OR CLICK LINKS THAT YOU DO NOT RECOGNIZE!

We must all have a high level of suspicion concerning any request for money, gift cards, banking information, credit card information, PayPal information, crypto currency, etc. and always keep our guard up!

SDWT will NEVER:

Send an email asking anyone to send or email gift cards or cryptocurrency.

Send an email asking for money or payment, **EXCEPT** for a class that you have signed up for, and then only send a check for the fee to the treasure at our club's address. SDWT will never ask for gift cards or cryptocurrency to pay for classes.

PayPal is used for membership, and for donations.

REMEMBER, cyber criminals are very sophisticated and even the experts can be fooled!

If in doubt, ALWAYS call the treasurer, president or a club officer using the contact information found in the Members Only section of the SDWT website!

As members of the San Diego Woodturners, you may come across an opportunity for us to add to our wood inventory and made available to our membership at nominal cost.

If you hear of anyone needing to move wood off their property please give me a call **Dan White** (see members only tab (membership directory for contact info or send an email to GotWood@sdwt.org) .

Lumbercycle has a large quantity of good wood available to pick-up in Ramona. (see lumbercycle.org for more info).

If members would like to obtain wood from Lumbercycle, **please con-**

tact Dan White using contact info in the Membership Directory in the Members Only section of our website.

It is important that masks are worn and that social distancing is maintained during this COVID-19 crisis if going to lumbercycle.

Turn Around for Veterans (TAV)

Chairman: *Paul Simpson* .

Turn Around for Vets (TAV) is a critical program of the San Diego Woodturners Club. All TAV activities are carried out by a dedicated, unpaid group of volunteers so that 100% of donated funds, designated for TAV, are used to purchase supplies and equipment and to support the program. As always, any one can make a cash or material donation to SDWT, designated for TAV, and receive a letter from our treasurer that acknowledges the gift as a tax deductible item, if otherwise eligible under current tax code.

Paul

(TAV Committee Chairman)

This months Update:

TAV has been active supporting participants at the Aspire Care Center. Maury White and his son Ron have been trying to repair the motor on a donated Jet lathe. Unfortunately the motor is not repairable. A request was sent out to all club members to see if anyone has a similar lathe that they would donate.

On December 21 a WEN lathe and supporting equipment was presented to a recent Aspire graduate who is returning to his home in Idaho. On December 30 a Delta lathe was donated to TAV by a member of San Diego Fine Woodworkers. It was presented to another Aspire graduate on January 2.

A third Aspire participant will be graduating in early January and will also be presented a lathe based on his needs and the space he has available to set up his shop. These presentations have depleted TAV's supply of lathes.

If club members or their friends have small to midi-size lathes and other woodturning accessories that could be donated to TAV, please contact Paul Simpson email address and phone number in the members only directory on the SDWT website.

To All: **Happy New Year** and Be Safe Out There!

Member-"Chips"

Happy 2021 Woodturners:

There's much to hope for in this coming year, mostly that COVID starts getting under control so meetings, classes and life in general can recover for everyone.

Most of you probably know its renewal season, if you've already renewed, thank you. If you still haven't been able to make your payment for 2021, you've still got time before a cutoff date (although not much). But starting in January, you'll need your new membership card to use Rockler's monthly coupon as well as for all other discounts. If you still need to renew, please do so via PAYPAL or mail in your check for \$50.

Mail address at:

SDWT

9984 Scripps Ranch Blvd, #198
San Diego, CA 92131

Note on check "Membership Renewal for 2021."

If you would rather pay online, go to our **Members Only** Tab on the SDWT Web site (sdwt.org), sign in, then go to the link "**Membership Renewal using PayPal.**" click on this link and fill in the form.

2021 membership cards will be distributed by mail for those who haven't been able to pick them up at our last wood sale. If you're already an SDWT member, consider also joining AAW, if you think our resources are great, you will no doubt benefit from their pool of knowledge, journal, past articles, and other woodturning informational resources. Check them out at www.woodturner.org If you have any questions or you think you might be missing club emails. Let us know either in SDWT Members or membership@sdwt.org . As a member you also have access to the SDWT Members facebook group. In addition, we have an on-line presence on Instagram [@SD_woodturners](https://www.instagram.com/SD_woodturners).

Thank you,

Esther Assemat (Membership Committee Chair)

Raffle

As you know we are on hold with club activities and such. We will reconvene with our fantastic raffle at that time at our next group meeting sometime in the future.

I've been turning in my shop and encourage you to do the same if you're at home. Please do share some of those turnings pictures and post on our SDWT Facebook ([SDWT Members facebook group](#)) member page (our virtual "Instant Gallery" if you will). Always amazing to see what members are turning.

In addition, if you're looking for some help, our mentors are available to answer questions. Give them a call (Phone # via Member Directory).

Be safe in you shop and otherwise.

Jeff Neff - Raffle Committee and Mentor Chairman.

Hollow-Pro Tools™

Designed by professional woodturner **Mike Jackofsky** and manufactured in the USA by the *Hunter Tool Company*.

1) **The Hollow-Pro Rocket Tool:**

These tools feature a unique negative angle built into the tip. They have been specifically designed to use the Hunter carbide cutters; the negative angle makes the carbide less aggressive and easier to control. Hollow Pro Rocket tools are professional, fast and efficient hollowing tools for making hollow vessels up to about 7" high x about 7" diameter. These 8" tools have 3/8" shafts to allow hollowing through very small restricted openings. The tools use replaceable #1 size carbide cutters and are designed to fit into any large handle with a 3/8" or 1/2" opening. (Tip: place the screws from these handles on the side or top of the tools, so the bottom will slide smoothly on the tool rest).

The round shafts of these tools can be rotated slightly to make clean "shear" cuts and the bent tool is also very useful for undercutting the opening on larger hollow vessels. The kit comes with one straight and one bent tool and includes replaceable Hunter #1 carbide cutters for clean cuts and durability, and a Torx wrench for rotating and replacing the cutters as needed.

2) **The Hollow Pro Calipers** provide accurate measurements in crucial areas of hollow vessels and open bowls.

Hollow-Pro Calipers are precision made from steel and aluminum for maximum strength while maintain a comfortable light weight. The small size will work for hollow forms up to about 8" in diameter and up to 6 1/4" deep. The larger size works for hollow forms up to about 18" in diameter and up to 11 3/4" deep.

For more info and pricing, email Mike at (info@mikejackofsky.com or Visit Mike's Web site: www.mikejackofsky.com.) for ordering and obtaining your Rocket and Caliper tools. You will be glad you did .

Mentoring Program

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning.

Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule.

A list of mentors and their specialties are listed within our Mentor Tab of our SDWT.org website (**go to About tab and pull down menu, go then to Mentors**). Phone numbers for the Mentor you have particular area of interest is listed in the (members only area of the web site).. Upon making contact, arrange a time and place. If you have any questions, email me at the below address..

Jeff Neff – Mentor Committee Chairman (MentorChairman@sdwt.org)

“Mentors do not give you a shortcut, but they streamline the process. They invariably had their own great mentors, giving them a richer and deeper knowledge of their field. Their ensuing years of experience taught them invaluable lessons and strategies for learning. Their knowledge and experience becomes yours; they can direct you from unnecessary side paths or errors. They observe you at work and provide real-time feedback, making your practice more time efficient. Their advice is tailored to your circumstances and your needs. Working closely with them, you absorb the essence of their creative spirit, which you can now adapt in your own way.” From the Book - *Mastery* by Robert Greene
