SHAVINGS

from the Prez . . .

It is my honor to be the newest President of the San Diego Woodturners. This club has given me so much that it is my privilege to give back in any way I can. Huge thanks to Dave John for his excellent leadership over the past few years! He will be a very hard act to follow....please be patient with me.

I am thrilled that Karen Freitas has agreed to replace me as VP in charge of programs and classes with the able assistance of Annette St. Hilaire. We have an excellent

Board of Directors who are making sure the club runs smoothly...BUT...you can help too.

We can't have a successful club without a lot of people helping. Anything you can do to help just makes it all work better. Here are a few things that you can do to help:

Help with setup and take down at meetings.

Volunteer with TAV...there are lots of things you can do to help even if you are not an experienced instructor.

Make Torrey Pine items for TAV to sell to the Torrey Pines Preserve gift shop.

Make tops, pens and anything else you enjoy making and donate them to be sold at events like the Strawberry Festival and at the fair.

Volunteer to help Steve Frick with refreshments.

Donate an item you are no longer using to Jeff Neff to put in the raffle.

Buy raffle tickets at every meeting. The raffle is completely self supporting so if we don't sell many tickets, the next months raffle might have a few less items. There is always something you can use in the raffle. Maybe you will win!

Volunteer to help Chad LaVoi with the wood committee...even just showing up to paint sealer on new wood is great...you don't have to lift heavy logs or use a chain saw.

Volunteer to help with our awesome AV committee...they need some additional helpers to work with them on meeting days...they will teach you

from the Prez . . .

Sign up for the fair...its fun and is our largest fundraising event.

Offer to do a demo...you probably know things someone else doesn't!

Bring your work to the Instant Gallery.

Make and donate Dried Weed Vases. We give them to Lumbercycle and they give us great wood.

Don't be the member who only drinks the coffee, eats the snacks, watches the demo and then leaves. Be an active part of the club...we need you!

Don't forget that we have an excellent group of mentors who are available to help you at pretty much any level of experience. The drop in Saturdays are a great place to get help as well.

We have brought in a supply of Starbond superglue. We have been given a nice discount by Starbond and that discount will be passed on to the members. Hopefully the glue sales will happen at every meeting.

Don't forget that your chance to attend a much closer AAW symposium is this year. The symposium will be in Portland on May 24-26. There will be fabulous demos by woodturners from all over the world, a really awesome trade show (save up for some great deals) and the chance to meet and chat with turners from all over. It won't be back on the west coast for a long time so go now. We will place a group registration as a club which will give you a discount Please let Dave John or myself know asap if you want to be part of that discounted deal.

At the January meeting, Karen showed us how to create a live edge mushroom box. It's a great project and I am hoping to see a lot of them on the instant gallery table next meeting. Thanks Karen.

In February our guest demonstrator will be Derek Weidman. Derek will demystify how he turns amazing animal heads on the lathe using multiple axis techniques. He will also teach a 2 day class.

If you have comments, questions or ideas about the club, please contact me. Your input helps us all make this the best club possible.

Sally

SALUTE FROM SDWT ...

A San Diego Woodturners **Salute:** **Carolyn Jones (L)** who spearheaded the initiative to obtain new lathes for the club. Thru her due diligence, research, testing with members, presentation of findings to the Board members for approval, and later purchase and coordination of the lathes set up, we **Thank You!!** Carolyn. The club and its members will surely enjoy the new lathes as a result of your efforts!!

SDWT members at the January Drop-In (below) had first hands-on the new lathes and giving them a work out with their turning project.

SDWT Demonstration/Event Schedule for 2024

I hope you are all staying well. We are blessed to have such a wonderful pastime to keep us busy.

Our program schedule will continue to provide a variety of demonstrations to enhance your skills and maybe offer something you haven't tried before..

On the Horizon - **Mar 16th: Tom Edwards, April 20th: Laurent Niclot and Class, May 18th: Sally Ault; other Classes: Pepper Mills—May 4th, Resin class June 1st and 2nd. Go to Members Only Tab of the SDWT website to sign-up for classes.**

Karen

This month's demonstration is by Derek Weidman. Derek Weidman, born in 1982, lives in rural Pennsylvania a bit outside the city of Philadelphia. Initially studying philosophy in college, but a born artist, he choose to follow in the path of his father who was a bird carver. When he began turning in 2003 he approached the lathe as a sculptor, primarily exploring and pushing the boundaries of multi-axis turning. His main effort was trying to create a visually descriptive and versatile language born out of the arcing and circular cuts of a lathe, and has spent well over a decade now building up a vocabulary of shapes and cuts. At the heart of many of his works he treats the lathe almost as an unusual camera, with every subject passing through its lens adding to a visually novel circular zoo of animals.

For this demonstration: Derek will create an animal on a wood lathe using primarily multi axis turning. Time will be dedicated to thorough coverage of safe practices and techniques for multi axis work, before moving into a more fluid design session, learning how to carve with the lathe. Finally, the demo will incorporate some contemporary carving tools, as well as some other tips and tricks.

A follow-on two day class with Derek is planned. Sign-up by going to our members only tab of the SDWT website. Go to "Class Sign-ups". **Seats still open.**

For paid demo and zoom payment processing go to Members only tab. Go to "ZOOM Meeting-Sign-up for paid demo & payment processing"

“Drop-In Saturday”

Come join your Drop-In Mentors to help with your turning question(s). Mentor's **Pete Campbell, Steve Frick, Chad LaVoi, and Carolyn Jones**)).

The idea behind “Drop in Sessions” is to set up a shop environment of collaboration and a place to receive assistance in answering your turning questions or help with a technique.

[Bring your own tools and project material along with your PPE.](#)

Our days are typically on a select **Saturday of the Month. 8:30 am to 12:00 pm**

San Marcos, Nottingham Arts Center.

(“Drop-In”, February 24th, 2024)

Participants must be members of San Diego Woodturners Club (SDWT) in good standing. Members under the age of 18 years may participate with parental permission and a parent or guardian must be present.

Safety is ALWAYS a Priority!

Turn Around for Veterans (TAV)

Turn Around for Vets (TAV) is a critical program of the San Diego Woodturners Club. All TAV activities are carried out by a dedicated, unpaid group of volunteers so that 100% of donated funds, designated for TAV, are used to purchase supplies and equipment and to support the program.

Ernesto Aquino

We survived the first month of the year!!

Empowering Graduates: In the month of January TAV had one graduate that received one of the old club Delta lathes and some tools to start his turning. Another graduate received a bench top bandsaw and other miscellaneous tools. TAV also provided (5) new memberships for veterans.

Generous Grants: No grants have been received at the moment. However, TAV has been generating donations from the tool sale from donors.

Expressing Gratitude: TAV proposed to the board members to vote to grant Linda Shohet honorary membership and the board voted unanimously in favor. TAV also proposed to the board to grant Pat Saunders, long time TAV volunteer and mentor, for honorary membership and she was also voted unanimously in favor.

Looking Ahead:

I am happy to announce that on Sunday, April 14th. TAV will be hosting a Volunteer Appreciation dinner to all the volunteers.

TAV is in communication with Bill Bechill (Ocean Hills Country Club, President). We are looking to do a partnership with their wood shop for possible TAV support.

Get Involved: Your support is pivotal to the success of the TAV program. If you are inclined to contribute your skills, resources, or time, I invite you to reach out. Together, we can effect lasting change in the lives of our graduates.

(cont next page)

Upcoming Events: February 21 will mark ASPIRE center 10th Anniversary, veterans at the location made 30 pens that were engraved with the commemoration date. The pens will be presented to the VIPs at the event. TAV will be represented at the event.

TAV at CPEN. Marines at Wounded Warrior BN recent turning and getting assistance with turning pens.

As members of the San Diego Woodturners, you may come across an opportunity for us to add to our wood inventory and made available to our membership at nominal cost.

If you hear of anyone needing to move wood off their property please give me a call **Chad LaVoi** (see members only tab (membership directory for contact info or send an email to GotWood@sdwt.org) .

A Huge Thank You to those members who took the time to come to the Wood Lot at Nottingham to help with some house cleaning of our small little plot for storing wood resources 13 Jan 2024. Our annual clean-up goes a long way towards our stewardship and being a good tenant at Nottingham and being allowed to store wood resources. Again **Thank You** for your help.

Chad

As a result of our clean-up efforts, we were fortunate to obtain some ASH wood shown (right) and able to store in the front of our trailer. Fresh Ash ready for your next project.

A special Thanks to **Dan White** who assisted me in hauling the Ash to Nottingham. **Thanks Dan.**

I could also use some help in this area for hauling wood when it becomes available. Let me know if you can assist in this manner. Also helping in the wood lot itself. **Chad**

Raffle

Thank You to all the members who participate in the monthly raffle.

The raffle program is **self-supporting** with your support and ALL of the proceeds from the raffle are reinvested in future raffles and never used for any other purpose.

If you would like to see some particular item(s) included in the raffle program, let me know and I will see if I can work them in.

Be safe.

Jeff - Raffle Committee Chair.

Mentoring Program

Our mentoring program is one of the unique benefits of our club. Our mentors can help with basic to complex turning and teach safety along the way. This is a great way to start out or hone your skills with complex tasks taught by turners skilled in specific areas of turning. Our mentors are volunteers and are dedicated to sharing information on all facets of woodturning.

Rest assured however, that all of our mentors are easy to work with. Most often the mentor opens his/her shop to the applicant at a mutually agreed upon time and schedule.

A list of mentors and their specialties are listed within our Mentor Tab of our SDWT.org website (**go to About tab and pull down menu, go then to Mentors**). Phone numbers for the Mentor you have particular area of interest is listed in the (members only area of the web site).. Upon making contact, arrange a time and place. If you have any questions, email me at the below address..

Jeff Neff – Mentor Committee Chairman (MentorChairman@sdwt.org)

“Mentors do not give you a shortcut, but they streamline the process. They invariably had their own great mentors, giving them a richer and deeper knowledge of their field. Their ensuing years of experience taught them invaluable lessons and strategies for learning. Their knowledge and experience becomes yours; they can direct you from unnecessary side paths or errors. They observe you at work and provide real-time feedback, making your practice more time efficient. Their advice is tailored to your circumstances and your needs. Working closely with them, you absorb the essence of their creative spirit, which you can now adapt in your own way.” From the Book - *Mastery* by Robert Greene

New Year and new objectives for turning weed pots. Tom Hamilton, from Lumbercycle again expresses his Thank You to members of SDWT who provide Weed Pots. It's a win win relationship for both our organizations. Proceeds obtained from the weed pots benefit Lumbercycle and in-turn SDWT recvs repurposed and sawn wood from Lumbercycle for our own projects and such.

Pete Campbell is our coordinator and our link with Lumbercycle. Keep those weed pots coming. Collection of weed pots is done at our monthly meeting or at Drop-In.

This year do some research to enhance your weed pot design that exercises those spindle turning skills. Get a little creative. Add some color and or texture to the exterior. Experiment with weedpot design and form. All towards enhancing your skills in wood turning. And most importantly, have some fun with it.
